

36) Design a hospital management application using HTML and CSS.

Experiment No: 36

Date: 09.12.2020

AIM :

To create a hospital website using HTML and CSS.

CODING :

Home.html

```
<html lang="en">
<head>
  <meta charset="UTF-8">
  <meta name="viewport" content="width=device-width, initial-scale=1
.0">
  <title>web Tech Lab</title>
</head>
<style>
  body
  {
    background-image: url("../bg.jpg");
    background-size: cover;

  }
  ul {
    list-style-type: none;
    margin: 0;
    padding: 0;
    overflow: hidden;
    background-color: #333;
  }

  li {
    float: left;
  }

  li a {
    display: block;
```

36) Design a hospital management application using HTML and CSS.

```
color: white;
text-align: center;
padding: 14px 16px;
text-decoration: none;
}

li a:hover {
    background-color: #111;
}
div{
    background-color: aliceblue;
    margin-left: 200px;
    margin-right: 200px;
    padding-top: 50px;
    padding-bottom: 50px;
    font-size: 25px;
}

</style>
<body style="font-family:Sans-serif">

    <ul>
        <li><a href="#contact">K M C H</a></li>
        <li><a href="./PatientInfo.html">Patient Info</a></li>
        <li><a href="./contact.html">Contact</a></li>
        <li><a href="./about.html">About</a></li>
        <li><a href="https://www.kmchhospitals.com">Official KMCH Webs
ite</a></li>
    </ul>
    <br><br><br><br>
    <div>
        <center>
            <h3>Welcome To K M C H</h3>

            <video width="500" height="240" controls>
                <source src="video.mp4" type="video/mp4">

            </video>
            <br><br><br>
        </center>
    </div>
</body>
```

36) Design a hospital management application using HTML and CSS.

```
        <iframe width="800" height="315" src="https://www.kmchhospit
als.com/">
        </iframe>
    </center>

</div>

</body>
</html>
```

Patient.html

```
<html lang="en">
<head>
    <meta charset="UTF-8">
    <meta name="viewport" content="width=device-width, initial-scale=1
.0">
    <title>Contact</title>
</head>
<style>

body
{
    background-image: url("../bg.jpg");
    background-size: cover;

}
pre{

    font-size:20px;
}
div{

    background-color: aliceblue;
    margin-left: 200px;
    margin-right: 200px;

}
}
```

36) Design a hospital management application using HTML and CSS.

```
ul {
  list-style-type: none;
  margin: 0;
  padding: 0;
  overflow: hidden;
  background-color: #333;
}

li {
  float: left;
}

li a {
  display: block;
  color: white;
  text-align: center;
  padding: 14px 16px;
  text-decoration: none;
}

li a:hover {
  background-color: #111;
}

caption
{
  padding-bottom: 20px;
  font-size: 20;
}

}

span
{
  font-size: 17px;
  padding-left: 250px;
}

}

/* input{
  height: 20px;
} */
input[type=text],
input[type=date],
input[type=number],
input[type=email]
```

36) Design a hospital management application using HTML and CSS.

```
{
width: 200px;
height: 35px;
border-radius: 0px;
border: 1px solid #ccc;
font-size: 14px;
padding-left: 10px;
transition: 0.3s;
}

input::-webkit-input-placeholder {
font-size: 14px;
}
button {
background-color: #4CAF50; /* Green */
border: none;
color: white;
padding: 15px 32px;
text-align: center;
text-decoration: none;
display: inline-block;
font-size: 16px;
}

</style>
<body style="font-family:Sans-serif">

    <ul>

        <li><a href="./Home.html">K M C H</a></li>
        <li><a href="./PatientInfo.html">Patient Info</a></li>
        <li><a href="./contact.html">Contact</a></li>
        <li><a href="./about.html">About</a></li>
        <li><a href="https://www.kmchhospitals.com">Official KMCH </a>
    </li>
    </ul>
    <br><br><br>
    <div>
        <form >
        <br><br>
        <center><h1><u>Patient Information</u></h1></center><br><br>
```

36) Design a hospital management application using HTML and CSS.

```
<table>
<tbody>
<tr>

    <td><span>Name  &nbsp;&nbsp;&nbsp;</span></td>
    <td><input type="text" placeholder="Name" required></td>

</tr>
<tr>

    <td><span>Age  &nbsp;&nbsp;&nbsp;</span></td>
    <td><input type="number" placeholder="Age" max="120" required></td>

</tr>
<tr>

    <td><span>Date of Birth  &nbsp;&nbsp;&nbsp;</span></td>
    <td><input type="date" placeholder="Date of birth" required></td>

</tr>
<tr>

    <td><span>Phone  &nbsp;&nbsp;&nbsp;</span></td>
    <td><input type="number" placeholder="Phone no" maxlength="10" required ></td>

</tr>
<tr>

    <td><span>Email  &nbsp;&nbsp;&nbsp;</span></td>
    <td><input type="email" placeholder="email" required></td>

</tr>
<tr>

    <td><span>City  &nbsp;&nbsp;&nbsp;</span></td>
    <td><input type="text" placeholder="city" required></td>

</tr>
<tr>
```

36) Design a hospital management application using HTML and CSS.

```
<td><span>Gender &nbsp;&nbsp;&nbsp;</span></td>
<td><input type="radio" id="male" name="gender" required>
  <label for="male">Male</label>
  <input type="radio" id="female" name="gender" value="f
emale">
  <label for="female">Female</label><br>
</td>

</tr>
<tr>

  <td><span>Marital Status &nbsp;&nbsp;&nbsp;</span></td>
  <td><select id="Mstatus" style="width: 200px;height: 25px
;" required>
    <option value="">Select</option>
    <option value="Married">Married</option>
    <option value="Unmarried">Unmarried</option>
  </select>
  </td>

</tr>
<tr>

  <td><span>Address &nbsp;&nbsp;&nbsp;</span></td>
  <td><textarea rows="3" cols="40" required>

    </textarea>
  </td>

</tr>
<tr>

  <td><span>Health Issues &nbsp;&nbsp;&nbsp;</span></td>
  <td><input type="text" required >
  </td>

</tr>
```

36) Design a hospital management application using HTML and CSS.

```
</tbody>
</table>
<br><br>
<center><button type="submit">submit</button></center>
<br>
</form>
</div>
</body>
</html>
```

About.html

```
<html lang="en">

</body>
</html>
```

36) Design a hospital management application using HTML and CSS.

OUTPUT:

This the my application home page with video and iframe.

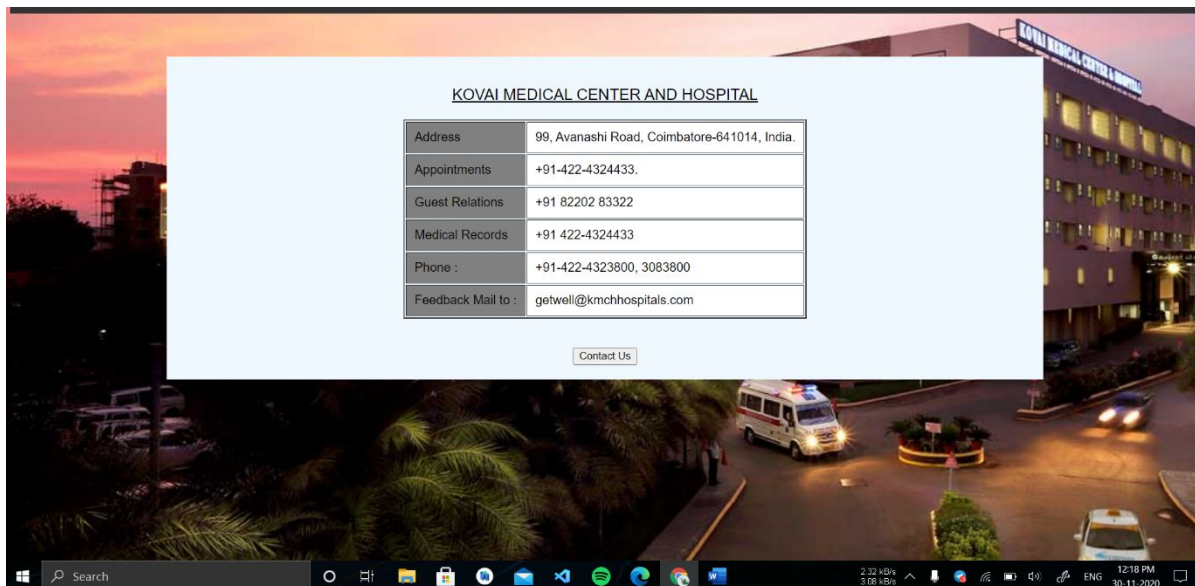

A patient information form page.

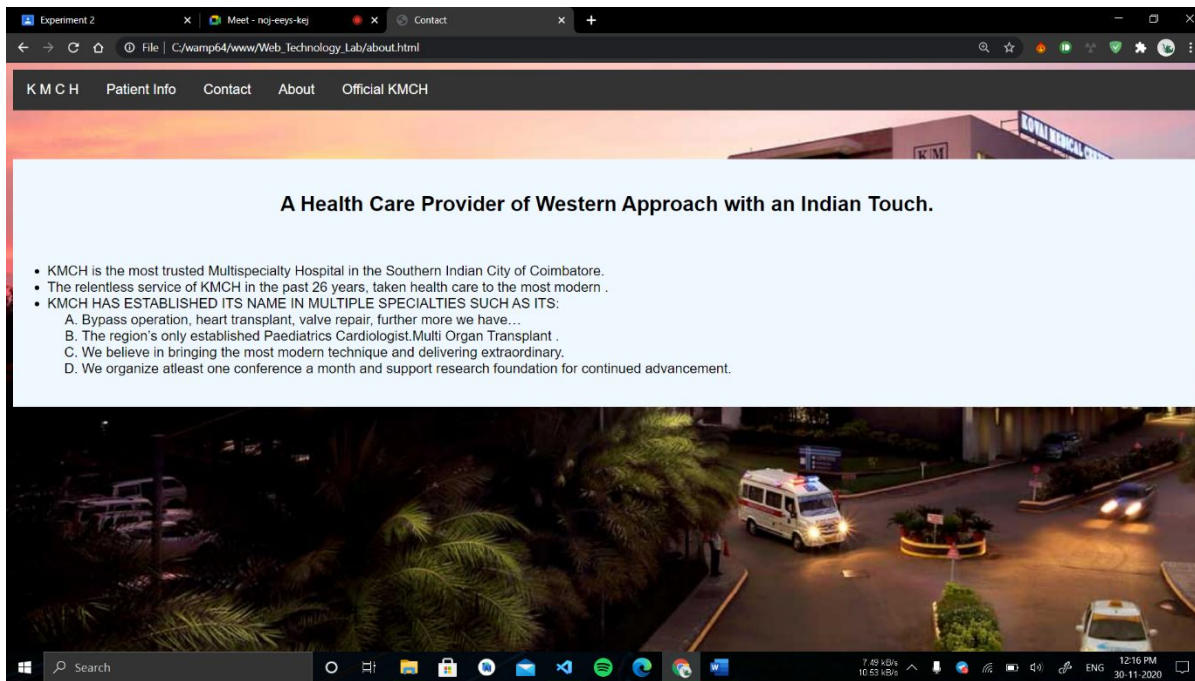

A screenshot of a web browser displaying the patient information form page. The page has a light blue background with a large form titled "Patient Information". The form contains fields for Name, Age, Date of Birth, Phone, Email, City, Gender (Male/Female), Marital Status, Address, and Health Issues. A green "submit" button is located at the bottom of the form. The browser's address bar shows the file path "C:/wamp64/www/Web_Technology_Lab/PatientInfo.html". The Windows taskbar is visible at the bottom, showing the time as 12:15 PM on 30-11-2020.

36) Design a hospital management application using HTML and CSS.

Hospital contact details page.

Hospital details and information.

36) Design a hospital management application using HTML and CSS.

36) Design a hospital management application using HTML and CSS.

RESULT:

A Hospital website was successfully developed using HTML and CSS.
